

14th day of 10th month (October) 2001

Space Coast Monthly Meeting convened at 10:30 for a regular Monthly Meeting for Business. There were two members present (Lyn Cope-Robinson and David Robinson). Thoughts go out those absent. Jack Deppner is in hospital, post-surgery. Barbara is attending to Jack and visiting family. Jennie Ascher's health continues to be of concern as she is alternately in and out of hospital in Tallahassee. Alan Robinson is healing from a recent surgery. Our support goes to Gail, Steve and Ariel, and to Marie, Tom, and Matthew, as they pursue the noble challenges of parenthood.

There were two matters scheduled for considerations: meeting locations as we proceed into fall, and the report of the Clearness Committee for membership of Martha Robinson. Both items are laid over, as worthy of the attention of a somewhat larger representation of members. Absent alternate suggestions, meetings will continue to be held in Orlando Park, Indialantic, unless there is a special Called Meeting for Business prior to the next regular Monthly Meeting. Sunday in September (30 September) was well-attended, and enjoyed by all. Some photos have been posted to the meeting website.

Meeting adjourned at 10:45 after a brief period of silent meditation.

Submitted by acting recording clerk, David Robinson.
